Key Vital Sign Indicator Results

This is a new indicator and we are working with our partners to compile and report data.

As a first step, the Puget Sound Ecosystem Monitoring Program (PSEMP) Marine Mammals Workgroup Coordinators and Puget Sound Partnership hosted two virtual workshops to collaboratively explore the indicator purpose, use, and data streams. The Indicator Scoping Report describes the outcomes of the indicator scoping process and provides recommendations for next steps:

[Scoping Report for Orca Occupancy Indicator](#), prepared by True Wind Collaborative and Cascadia Consulting Group (PSEMP Marine Mammals Work Group Coordinators), June 2023
